

LINDA BARKER PAINTS

PRODUCT ADVICE

CONTEMPORARY SATIN

Where to use:

For interior woodwork, doors, skirtings, floors, radiators, most metals - this is a super-washable multi-surface paint, for where repeated washability & a higher level of durability is preferred, particularly for kitchens, bathrooms & areas for children & pets - melamine, radiators, furniture, MDF, ply etc. Self-undercoating subtle Sheen level of 22.8%

Availability:

In 1 & 2.5 litre cans in all 90 colours plus colour matching.

Coverage: 10 m² per litre per coat – normally 2 coats needed.

Drying time: Touch dry in 1 – 2 hours, for best finish recoat after 8-24 hours.

Sheen level: 22.8%

Preparation:

Surfaces should be sound, clean, dry and free from grease. A light sanding is always beneficial. Seal fillers first.

Painting:

Do not paint in temperatures below 5°C or direct sunlight or excessive heat above 30°C.

Please check for correct product and colour prior to use as we will not be held liable for issues caused as a result of an incorrect colour or product being applied. Our limit of liability does not exceed the value of our product.

Stir thoroughly before use.

DO NOT THIN. Apply with a good quality fibrillated brush or a fine pile roller. Do not layoff – always keep a wet edge. Do not go back over painted areas. Do not over spread. Best results are normally achieved with two coats. Although hard, Do not scuff, scrape, wet or wash for 10 days as the product is still hardening.

Airless Spraying – Good results can be achieved by the set up of 18 thou 65° angle tip using a pressure of between 2000 - 2700 psi.

Clean up: equipment with warm soapy water.

Maintenance

Wipe gently with a soft damp cloth or sponge. Do not use harsh, abrasive or alkaline cleansers.
